STOP MOTION ANIMATION	

Followed Instructions
Included all requirements including:
 	
    - Each group member created a fantasy creature for the animation (8 marks)
    - Created a story/plot for the story that relates to folklore. (8 marks)
    - Created a set for the animation. (8 marks)
    - Created at least 2 props for the animation. (4 marks)
    - Took photos for the animation. (2 marks)
    - Uploaded/Exported photos to Pinnacle program. (2 marks)
    - Created video file of animation. (4 marks)
	/36 points

Effort/Neatness
    - Was class time used wisely?
    - Was the project submitted on time?
    - Did all group members participate in all aspects of the animation?
    - Was the project treated with respect and handled gently (project should be put away properly after each class so that it is safe)?
	/ 16 points

Quality of Animation (Concept/Story/Preparation)
    - Are all of the characters well constructed (free-standing, neat, sturdy, moveable, etc.)?
    - Is the background well constructed (painted neatly, added details, 3-dimensional elements, etc.)?
    - Was the story/plot well planned (based on folklore, prepared prior photographing the scenes, contains no inappropriate elements, etc.)?
    - Are the props well constructed (free-standing, neat, sturdy, relating to the storyline, etc.)?
	/ 16 points

Quality of Animation (Technical)
    - Did the group take 100+ photographs to create at least 10s of animation?
    - Does the animation flow well with careful, small changes between photographs?
    - Were the photos uploaded and exported into Pinnacle succesfully?
    - Was the animation completed (title page, credits, and successfully saved as a video file)?
	/ 16 points

Creativity
    - How much thought was put into the choice of animation?
    - Did you choose an interesting story and character designs that were different from others' designs?
    - Did you choose an animation idea that was simple or challenging?
    - Did you create the characters and set yourself or copy it from the internet/book/etc.?
	/ 16 points

TOTAL (of possible 50)	/ 100 =
